SAIHC ICCWG Letter No. 02/2023

To: Members, Associate Members and Observers of the IHO Southern African and Islands Hydrographic Commission (SAIHC) INT Chart Coordinating Work Group (ICCWG)

Subject: Request for new ENC coverage in Region H for Usage Band 2

Background: Shom have produced INT charts 7063, 7064 and 7062 and equivalent UB2 ENCs to provide coverage for the area in the North of the Island of La Reunion and between Madagascar and La Reunion. France proposes the production of a new ENC in UB 2 at CSCL 1: 700 000 to improve coverage for the South East approaches to the Island of La Reunion without publication of a paper chart.

SAIHC ICCWG members are invited to comment on the proposal by France as per the details in the attachment and kindly provide feedback by 11 May 2023.

Yours sincerely,

Alfons VAN CRAEYNEST

**Chairman Southern African & Islands Hydrographic Commission International Charting
Coordination Work Group (SAIHC ICCWG)**
